

# CALLING ALL PARENTS IN FLORIDA

to be part of bringing about systemic change to Florida's Child Welfare System

Thriving Families Safer Children is a movement looking to connect with parents. Our Vision is to co-create and transform Florida's systems to develop a statewide culture of child, youth, and family well-being. We believe we ALL play a role in advancing the movement.

## TFSC's Parent Advisory Committee is recruiting parents to be part of our subcommittee.

Our vision as the parent advisory council is to bravely and radically honor Parents as partners in and with our family serving systems throughout Florida.

Our primary goal is to elevate power, create shared decision making and develop parent leadership throughout our policies, practices and family serving systems in Florida.
